

**TO WHOM IT MAY CONCERN**

Dear Sirs,

**RE: AVOLON GROUP**

We write to confirm that we have worked with the Avolon Group over the past 2 years.

In the course of any one year we averagely recruit 30 people across the business and over the past 2 years the Avolon Group has proven to be an excellent supplier of construction personnel to Drivepoint Contractors.

Avolon Groups whole approach to providing candidates for our consideration is always highly professional. They take account of the briefing we provide, match that information to the candidates that Avolon work with and only when they're confident that the candidate would be suitable for the role and our business are the candidates submitted to us.

This assiduous approach is much appreciated by us and is the reason that Avolon Group remains our preferred supplier and will remain so in the foreseeable future.

In all dealings to date we have been totally satisfied by Avolon Group's service standards. We have absolutely no hesitation in recommending them to any business in the construction industry.

Yours faithfully,

Linda Hawkins
