REFERENCE:

Dear Sirs,

PJ Brown would like to confirm that we have used Avolon Group for all labour requirements across all sites.

To date Avolon Group have provided over 10 Foreman that are still with PJ Brown, this alone shows us they understand the candidates we require.

We use on average 20 Operatives per week on various sites across the whole of the south east.

A reliable agency that can provide the labour needed especially at short notice is hard to find, which is why it is refreshing to be working with a company that can provide the service we need.

I am sure that if this level of service remains in place Avolon Group will always remain our preferred agency.

We would like to thank the Avolon Group for all of their help over the last 3 years and have no hesitation in recommending them to any future clients of Avolon Group.

Yours sincerely ,

A handwritten signature in black ink, appearing to read 'Debbie Wilson', is written over a light blue circular stamp.

Debbie Wilson

Office Manager
